

## SPRING MEDICINE

Hood's Sarsaparilla, the Great Blood Purifier, is the Best.

Spring sickness comes in some degree to every man, woman and child in our climate.

It is that run-down condition of the system that results from impure, impoverished, devitalized blood.

It is marked by loss of appetite and that tired feeling, and in many cases by some form of eruption.

The best way to treat spring sickness is to take Hood's Sarsaparilla. This old reliable family medicine purifies, enriches and revitalizes the blood. It is an all-the-year-round alternative and tonic, and is absolutely the best Spring medicine.

Get your blood in good condition at once—now. Delay may be dangerous. Ask your druggist for Hood's Sarsaparilla, and insist on having it, for nothing else can take its place.

## THE ONLY OIL WELL DRILLED WITHOUT FUNDS

Oilton, Okla., March 10.—The only oil well that was ever drilled without funds, so far as known, was drilled in this vicinity, several years ago, according to John T. Rogers of Oilton. It developed afterward that the man who assembled the leases "didn't have a cent," but he planned nevertheless, let the contract for drilling and casing, had the rig built and even the wood cut for fuel. It was drilled to the Cleveland sand but no oil was found. The owner of the leases then went on to other fields. Even the men employed in the work received no pay, according to Rogers.

## If Mothers Only Knew.

Mother Gray's Sweet Powders for Children Relieve Feverishness, Headache, Bad Stomach, Teething Disorders, move and regulate the bowels and destroy worms. They break up Colds in 24 hours. Used by mothers for 26 years. All Druggists, 25c. Sample Free. Address, A. S. Olmsted, Leroy, N. Y.

## QUICK RELIEF FROM CONSTIPATION

## GET DR. EDWARDS' OLIVE TABLETS

That is the joyful cry of thousands since Dr. Edwards produced Olive Tablets, the substitute for calomel. Dr. Edwards, a practicing physician for 17 years and calomel's old-time enemy, discovered the formula for Olive Tablets while treating patients for chronic constipation and torpid livers.

Dr. Edwards' Olive Tablets do not contain calomel, but a healing, soothing vegetable laxative.

No gripping is the "keynote" of these little sugar-coated, olive-colored tablets. They cause the bowels and liver to act normally. They never force them to unnatural action.

If you have a "dark brown mouth" now and then—a bad breath—a dull, tired feeling—sick, headache—torpid liver and are constipated, you'll find quick, sure and only pleasant results from one or two little Dr. Edwards' Olive Tablets at bedtime.

Thousands take one or two every night just to keep right. Try them. 10c and 25c per box. All druggists. The Olive Tablet Company, Columbus, O.

## CALOMEL DYNAMITES YOUR LIVER! MAKES YOU SICK AND SALIVATES

"Dodson's Liver Tone" Starts Your Liver Better Than Calomel and You Don't Lose a Day's Work

Live by your sluggish liver! Feel the and cheerful, make your work a pleasure, be vigorous and full of ambition. But take no nasty, dangerous calomel because it makes you sick and you may lose a day's work.

Calomel is necessary or quicksilver which causes nervousness of the bowels. Calomel crashes into your bile like dynamite, breaking it up. That's when you feel that awful nausea and cramping. Listen to me! If you want to enjoy the richest, healthiest liver and bowel cleansing you ever experienced just take a spoonful of harmless Dodson's Liver

## TELLS OF HOURS WORKED AND WAGES PAID

## A RAILROAD ENGINEER'S AVERAGE EARNINGS IS \$143.17 PER MONTH

Chicago, Ill., March 10.—An exhibit purporting to show the hours which locomotive firemen and engineers work was introduced before the board of arbitration in the western railroad wage case here Tuesday by W. J. Lauck, a statistician.

It indicated that 12.3 per cent of the men work less than ten hours; 87.7 more than ten hours and 34.7 per cent twelve hours or more a day.

J. M. Sheehan, attorney for the railroads, adduced that the percentages were calculated from compensated time as shown in an exhibit by the railroads and that therefore men who by the speed of their train had been paid for twelve hours while they actually worked, for instance, ten hours, would appear as having actually been on duty twelve hours. It developed that about 70 per cent of the compensated time, however, was actually worked out.

The average earnings of locomotive engineers in the west are \$143.17 a month, according to statistics introduced and based on statements of 873 engineers. This is only \$6 less than the estimate made by the railroad managers.

Lauck introduced an exhibit to show what these engineers would have earned had they worked an equal number of hours as brick masons, plasterers or plumbers. They would have earned more, but it was pointed out that the engineer has the advantage of continuity of employment.

Mr. Lauck analyzed the statement of earnings of engineers and firemen in October, 1913, as presented by the railroads some time ago.

"Their wages ran as high as \$225 or over, but only 5.15 per cent of the 28,446 engineers represented here were so fortunate as to receive these relatively high rates of pay and only 14.13 per cent earned as high as \$200 or over," said Mr. Lauck. "By contrast, 69.65 per cent of the engineers earned less than \$175; 50.16 per cent less than \$150, and 25.33 less than \$125. Of the 32,321 firemen represented here while 13 per cent earned as much as \$125, 55.30 per cent earned less than \$91.66."

SEVENTY-SEVEN YEARS OLD George W. Clough, Prentiss, Miss., who had suffered greatly with kidney trouble, writes: "Foley Kidney Pills are the only remedy that ever did me any good at all." Just think of the relief and comfort that means to him. Foley Kidney Pills are recommended for sleep disturbing bladder troubles, pain in sides or back, rheumatism, and kidney and bladder ailments. For sale by all druggists.

## I. P. A. ORATORICAL CONTEST NEXT MONDAY

The Intercollegiate Prohibition association of O. M. U. will hold an oratorical contest at the First M. E. church on Monday evening, March 15th, at 8 o'clock. There are two prizes, a gold and a silver medal. The "Rankin Medal," presented by Mrs. A. P. Rankin, goes to the winner of this contest. The silver medal, presented by the East Side W. C. T. U., is awarded to the second best.

The winner of this contest will represent O. M. U. in the Oklahoma I. P. A. oratorical contest, where he competes for a prize of \$50.00. The state convention and contest will be held in Guthrie on April 15th and 16th. The different schools of the state will

## HOW THIN PEOPLE CAN PUT ON FLESH

## A NEW DISCOVERY

Thin men and women—that big, hearty, filling dinner you ate last night. What became of all the fat-producing nourishment it contained? You haven't gained in weight one ounce. That food passed from your body like unburned coal through an open grate. The material was there, but your food doesn't work and stick, and the plain truth is you hardly get enough nourishment from your meals to pay for the cost of cooking. This is true of thin folks the world over. Your nutritive organs, your functions of assimilation, are sadly out of gear and need reconstruction.

Cut out the foolish foods and funny sawdust diets. Omit the flesh cream rub-ons. Cut out everything but the meals you are eating now and eat with every one of those single Sargol tablets. In two weeks note the difference. Five to eight good solid pounds of healthy "stay there" fat should be the net result. Sargol charges you weak, stagnant blood with millions of fresh new red blood corpuscles—gives the blood the carrying power to deliver every ounce of fat-making material in your food to every part of your body. Sargol, too, mixes with your food and prepares it for the blood in easily assimilated form. Thin people gain all the way from 10 to 25 pounds a month while taking Sargol, and the new flesh stays put. Sargol tablets are a scientific combination of all of the best flesh-producing elements known to chemistry. They come 40 tablets to a package, are pleasant, harmless and inexpensive, and all druggists in Guthrie and vicinity sell them subject to an absolute guarantee of weight increase or money back.

be represented in this contest by some of the ablest school orators of the state.

Beside the orations, the program Monday evening will consist of special music from the male quartette and others. Also "echoes" from the National I. P. A. convention, recently held in Topeka, will be given by the delegates. Admission is free.

If a better cough syrup than Foley's Honey and Tar Compound could be found, we would carry it. We know this reliable and dependable medicine has given satisfaction for more than forty years; therefore we never offer a substitute for the genuine. Recommened for coughs, colds, croup, whooping cough, bronchial and laryngeal cough. No opiates. For sale by all druggists.

## 1,800 CARS OF LUMBER IN TRANSIT

Oilton, Okla., March 10.—Eighteen hundred cars of lumber are now in transit to Oilton, distributed along the railroads throughout this section of the state and on other lines leading from the mills. William Murdoch, traffic manager of the Oil Belt Terminal railroad, announced today that much of this will be taken care of and unloaded within the next two weeks. The difficulty in getting lumber has delayed building in Oilton since the first day. At that there are now four hundred buildings erected here within a month.

## Only One "BROMO QUININE"

Whenever you feel a cold coming on, think of the full name, LAXATIVE BROMO QUININE. Look for signature of E. W. Grove on box. 25c.

## ANKLE ROLLS ARE POPULAR IN OIL FIELD

Oilton, Okla., March 10.—Oil men say that in portions of the oil field, where there have been numerous hold-ups during the winter months, the fashion is to wear their rolls of money, if they have them, wrapped around their ankles. Others carry their money inside their underwear. Pocketbooks are used to carry a small amount of money, which the hold-up men are permitted to take. This satisfies them without a hunt for the roll.

## Mother Gray's Sweet Powders for Children.

For Feverishness, Bad Stomach, Teething Disorders, move and regulate the bowels and are a pleasant remedy for worms. Used by Mothers for 26 years. They never fail. At all druggists, 25c. Sample FREE. Address, Allen S. Olmsted, Leroy, N. Y.

## Help Playground Idea.

Professor Shover who became identified with M. U. O. in December has given much time to the public playground idea. He has given his services after school hours, free. The boys and girls are now in need of football, basketball, and other articles. Friday night at 8 p. m. at the city hall will be given an opportunity to help boost this good movement. Come out at that time and help.

## Emilio Paligiani, Detective, Who Caught New York Anarchists.

Emilio Paligiani, the detective of the New York police force, less than twenty-five years of age, has done the most important piece of work of the year in this line. He it was who lived with anarchists for weeks until he learned their plans to blow up St. Patrick's Cathedral in New York, the costliest church in America. He even went so far as to study with them the making of bombs, and when the time came to blow up the church he carried one of the bombs to the cathedral with Frank Abarno, the leader of the gang.

## FOLEY KIDNEY PILLS FOR BACKACHE, KIDNEYS AND BLADDER

TOPICS OF THE TOWN AND STATE.

## Rushing Electric Line.

Work has been resumed on the Cushing-Drumright electric line in the oil field. The road will join the two oil towns.

## Norman Man Sentenced.

Laney Reed, charged with the murder of W. W. Bumgardner, was convicted by a jury at Norman yesterday evening. He will be given a life sentence at McAlester. Both were prominent farmers. The trouble which resulted in the killing arose at a country sale.

## Sends Message to Wilson.

Gov. R. L. Williams Tuesday joined with the governor of Tennessee in inviting President Wilson to attend the Southern Conference for Education and Industry to be held late in April at Chattanooga. Governors of other southern states also have been asked to extend formal invitations to the nation's chief executive to attend the Tennessee assembly.

## Truck Runs Down Child.

Carrying a small parcel to shield her from the snow, Eva, four-year-old daughter of W. E. Akers, a Santa Fe employe, at Oklahoma City, was run down by a delivery truck and seriously hurt. The girl was on her way to kindergarten.

## Three Bills Signed.

The following three bills were signed Tuesday by Governor Williams: Senate Bill No. 285, appropriating funds for the support and maintenance of the Confederate veterans.

## WHAT DYSPEPTICS SHOULD EAT

A PHYSICIAN'S ADVICE

"Indigestion and practically all forms of stomach trouble are, nine times out of ten, due to eating; therefore stomach sufferers should, whenever possible, avoid eating food that is acid in its nature, or which by chemical action in the stomach develops acidity. Unfortunately such a rule eliminates most foods which are pleasant to the taste as well as those which are rich in blood, flesh and nerve building properties. This is the reason why dyspeptics and stomach sufferers are usually so thin, emaciated and lacking in that vital energy which can only come from a well fed body. The benefit of those sufferers who have been obliged to exclude from their diet all starchy, sweet or fatty food, and are trying to keep up a miserable existence on sheer protein, I would suggest that you should try a meal of any food or foods which you may like, in moderate amount, taking immediately afterwards a teaspoonful of dissolved magnesium in a little hot or cold water. This will neutralize any acid which may be present, or which may be formed, and instead of the usual feeling of uneasiness and fullness you will find that your food agrees with you perfectly. Dissolved magnesium is doubtless the best food corrective and antacid known. It has no direct action on the stomach, but by neutralizing the acidity of the food contents, and thus removing the source of the acid irritation which inflames the delicate stomach lining, it does more than could possibly be done by any drug or medicine. As a byproduct, I believe in the use of medicine, when necessary, but I must admit that I cannot see the sense of adding an inflammation and irritated stomach with drugs instead of getting rid of the acid—the cause of all the trouble. Get a little dissolved magnesium from your druggist, eat what you want at your next meal, take some of the dissolved magnesium as directed above, and see if I'm not right."

## Are You Giving Your Body A Square Deal?

Read

## "The Ills of Life"

This free booklet is a plain statement of plain people as to their experience with Peruna. They have used Peruna. They know what they are talking about. Fathers, Mothers, Sisters, Brothers, Grandfathers and grandchildren. They all speak instructive reading. Send for one.

Peruna is a standard household remedy for coughs, colds and catarrhs. It is also a slight laxative. An admirable remedy for old and young. It is a great saving in doctor's bills to have Peruna in the house. It is also convenient.

If your druggist does not happen to have Peruna in stock order it direct from us. \$1.00 a bottle, \$5.00 for six. We pay transportation charges. Peruna wins its own way. One bottle will convince you.

THE PERUNA COMPANY.

Columbus, Ohio

home at Ardmore for the next two years; Senate Bill No. 293, by Barford, amending sections 519 and 529 of the 1910 session laws; Senate Bill No. 330, by Barrett, repealing article 5, chapter 2, of the revised laws of 1910.

## Solicitor Arrested.

A man who calls himself A. L. Keith, at Blackwell, and who claimed to be Smith, Ark., as his home, has been arrested charged with embezzlement. He is alleged to have solicited subscriptions for Oklahoma papers and to have kept the money he received. He also claimed to be traveling for the Parker Nursery company of Tecumseh, Okla.

## At the Bath House This Week.

The following out of town people are patrons of the municipal bath house this week: Mrs. N. Ratcliff, Perkins; W. H. Euyart, Sawyer, Kan.; Mrs. M. Meeker, Neopham, O.; Geo. T. Planagan, Oklahoma City; Clarence Waltz, El Reno; M. N. Towers, Kansas; Mrs. Mary E. Crockett, Cashion; J. P. Williams, Paris, Tex.; Herbert Stewart, Redrock; Miss L. L. Wilson, Perkins; Mrs. A. D. Cottingham, Kansas City, Mo.; Mrs. J. H. Cottingham, Oklahoma City; Mrs. Minnie Myers, Anthony, Kan.; C. Miller, Paden; Alex. McKnight, Shawnee; Emmett Gregg, Topeka. Mrs. Capt. J. L. Jordan of the United States army, stationed at Honolulu and mother, Mrs. J. E. Kennedy, of Cushing, are taking a course of Mineral baths and treatments at the bath house.

## A Specific Against Colds.

"If there is such a thing as a specific against colds, it is to be found in the sleeping porch or the open bed room. Next to that comes the cold sponge both in the morning," says the Youtils Companion. Be as careful as you can you will occasionally take cold and when you do you will find Chamberlain's Cough Remedy a great help in enabling you to get rid of it. Obtainable everywhere.

## SINGLE TAX TO ABOLISH ALL POVERTY

Oklahoma City, March 10.—Viewed by economists as the most important legislative measure ever brought before the people of Oklahoma, senate joint resolution No. 41, by Senator Clarence Davis proposes to abolish poverty in Oklahoma by substituting the single tax for the present unfair methods of assessment which prevail. A measure similar to the Davis one was voted on in Missouri two years ago. The measure received a tremendous vote, but failed to carry for the reason that many voters did not understand the possibilities which this bill proposed.

Now, Senator Davis proposes to have this resolution referred to the voters of Oklahoma.

## FOOT PRINTS

## ACCUSE HER

Bridgeport, Conn., March 10.—Impressions of both feet of Mrs. Helen H. Angele taken on July 11, 1914, at police headquarters in Stamford were put in as evidence today by the state, which is trying her for manslaughter in connection with the death of Walter R. Ballou. It is the intention of the prosecution, according to State Attorney to show that the bloody barefoot prints found in the lower hallway and in Mrs. Angele's room on the third floor of the Rippowam Building, correspond with the impressions taken of the defendant's feet and that the bloody footprints were made by Mrs. Angele.

Have The Leader delivered, 15c mo.

## ENGLAND TO OPERATE ALL FACTORIES

## MUNITIONS OF WAR TO BE MANUFACTURED ON UNPARALLELED SCALE

London, March 10.—The house of commons today gave the government authority to take over the control of the entire engineering trade of the country and to place it under a combined management for the purpose of increasing the output of munitions of war.

The defense of the real act, passed at the outbreak of the war, gave the government power to take and exercise control over works where war materials were being actually made. David Lloyd-George, the chancellor of the exchequer, on behalf of the government, today asked that the control of manufactures be extended to works which were capable of being used for that purpose.

## Will Discourage Strikes.

This power was unanimously granted, although Andrew Bonar-Law, the leader of the opposition, described the measure as "probably the most drastic ever laid before the parliament."

The step on the part of the government came as a surprise, although Mr. Lloyd-George, in a speech at Bangor last week, emphasized the importance of increasing the output of war munitions, which labor disputes at that time threatened to diminish. Now the workers in the engineering trade will be in the position of public servants, and the government hopes that this fact will impress them with the importance of keeping up the supplies, for which the armies and navies of the allied countries largely depend upon this country. A business mind will be given charge of the organization.

## Guns Wear Out Fast.

With the war area extending and the size of the army and navy constantly increasing, the government found that something must be done to keep the fighting branches supplied with arms and ammunition. The fleet engaged in bombarding the forts of the Dardanelles alone is using an immense quantity of ammunition. As the ships engaged probably will have to be fitted with new guns, and the old ones will need to be overhauled.

hundreds of health articles appear in newspapers and magazines, and it is practically every one of them the importance of keeping the bowels regular is emphasized. A constipated condition invites disease. A dependable physic that acts without inconvenience or gripping is found in Foley Cathartic Tablets. For sale by all druggists.

## PRICE OF OIL AND GASOLINE VERY CHEAP

Ringling, Okla., March 10.—There has probably never been a time in the history of the petroleum industry when gasoline and kerosene sold as cheap as they are selling now. Gasoline has sold at a figure below 5c a gallon and kerosene at 1 1/4c a gallon. The actual cost of the manufacturing of these products is more than this, but the refining plants in this state have their residual contracts to fill and at a time when their tankage is

## SAGE TEA DANDY TO DARKEN HAIR

## Look years younger! Use the old-time Sage Tea and Sulphur and nobody will know.

You can turn gray, faded hair beautifully dark and lustrous almost overnight if you'll get a 50-cent bottle of "Wyeth's Sage and Sulphur Compound" at any drug store. Millions of bottles of this old, famous Sage Tea Recipe are sold annually, says a well-known druggist here, because it darkens the hair so naturally and evenly that no one can tell it has been applied.

Those whose hair is turning gray, becoming faded, dry, scraggly and thin have a surprise awaiting them, because after one or two applications the gray hair vanishes and your locks become luxuriantly dark and beautiful—all dandruff goes, scalp itching and falling hair stops.

This is the age of youth. Gray-haired, unattractive folks aren't wanted around, so get busy with Wyeth's Sage and Sulphur to-night and you'll be delighted with your dark, handsome hair and your youthful appearance within a few days. For sale by Owl Drug Store.

## RUINS HAIR TO WASH IT WITH SOAP

Soap should be used very sparingly, if at all, if you want to keep your hair looking its best. Most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle, and ruins it.

The best thing for steady use is just ordinary mild coconut oil (which is pure and greaseless), is cheaper and better than anything else you can find.

One or two teaspoonfuls will cleanse the hair and scalp thoroughly. Simply mix with water and rub it in. It makes an abundance of rich, creamy lather, which rises out easily, removing every particle of dirt, dandruff and excessive oil. The hair dries quickly and evenly, and it leaves the scalp soft and the hair fine and silky, bright, lustrous, fluffy and easy to manage.

You can get mild coconut oil at any pharmacy, and a few ounces will supply every member of the family for months.

full these productions are sold at a remarkably low figure. This concession is resulting in the organization of a number of gasoline and kerosene distributing companies. One of these companies has been organized here and filling stations will be located at Ringling, Marietta and done at a point on the Frisco railroad. The organizers are Don A. Cochran, Henry Pennington and M. Ellworth.

## FIVE CENTS PROVES IT

7. Generous Offer. Cut out this ad, enclose with 5 cents to Foley & Co., Chicago, Ill., and they will send you our trial packages of Foley's Holyment and Tar Compound for coughs, colds, croup, bronchial and laryngeal catarrhs, Foley Kidney Pills and Foley Cathartic Tablets. For sale by all druggists.

## Marshal Shot to Death.

F. L. Logan, deputy United States marshal was shot and instantly killed in the street at Wister Tuesday as he passed a stable where Noah Emery lay in wait for him. The two men had a grudge of three years standing beginning when Logan was a deputy sheriff. Emery has been arrested.

## Sure Way to Regain Robust Blood of Youth

A smooth, velvet-soft skin, with a delicate peach-like bloom, is one of the Creator's most exquisite works. When the first blush of youth is over, this beautiful tint and satiny texture are rarely seen. How to preserve them—that is the question. Famous beauty experts have shown that the best way to preserve the bloom of youth is to keep the blood pure and flowing. No special skill is necessary in applying the wax; it being smeared on at night like cold cream and washed off in the morning.

To remove wrinkles, or delay their formation, a face bath made by dissolving a little powder of aspirin in water, which should be used in the morning, will be of great benefit. This tones up relaxed skin, causing it to remain firm and smooth.

## GEM PROGRAM

Wednesday, March 10.

"The New Dress," good Clair drama.

"A Martyr of the present," with Sydney Ayers.
